

Descale

Delimer/Descaler

Product Number 4518

Description

A powerful, fast acting liquid acid product designed to rid the dish machine of scale and lime formations due to hard water precipitates. This balanced product works quickly to brighten internal surfaces and leave them sparkling. Contains special surfactants that degrease and clean internal surfaces of machine.

Directions

DELIME/DESCALE DISH MACHINE: Drain, flush, and clean out dish machine. Pull screens and flush to clean. Disconnect dispensing equipment to prevent the addition of detergent during descaling operation. Close drain of dish machine. Add 1 ounce of delimer per gallon of water capacity for the dish machine (if unsure, use 1 pint of delimer). Fill machine to normal operating level with hot water. Run machine in manual mode for up to 5 minutes. Check to see if lime scale is being removed. If this is an initial treatment or there is a severe lime problem, increase the amount of delimer being used. Drain dish machine and flush thoroughly with clear water. Fill dish machine and run through a normal operating cycle. Drain and flush again. Engage the dispensing equipment.

This product is not suitable for exterior surfaces of dish machine surfaces or for any other non-dish machine use. This product is best suited for internal circulation within the dish machine. Do not allow product to soak inside dish machine. Contact time should not exceed 5 minutes. Do not allow product to dry on stainless surfaces. Always wear proper gloves, apron and eye protection when using this product.

Technical Data

Color	Clear, Red	pH (1% solution)	2.4-2.6
Scent	Sweet Acidic	Viscosity	Medium
Foam	Low	Density	9.30 lbs./gallon

DOT Shipping Name: Corrosive Liquid, Acidic, Inorganic, N.O.S., (contains phosphoric acid and muriatic acid), 8, UN3264, II

DANGER

HAZARDS: Causes severe skin burns and eye damage. Harmful if inhaled. **PRECAUTIONS:** Avoid breathing fumes or vapors. Wash hands thoroughly after handling. Use only outdoors or in a well-ventilated area. Wear protective gloves and eye protection.

RESPONSE/FIRST AID: Have product container or label with you when calling poison control center or physician. **IF SWALLOWED:** Rinse mouth. Do NOT induce vomiting. Call a POISON CENTER or doctor or physician if you feel unwell. **IF ON SKIN (or hair):** Wash with plenty of soap and water. If skin irritation occurs, get medical advice/attention. Remove immediately all contaminated clothing. Rinse skin with water/shower. Wash contaminated clothing before reuse. **IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists, get medical advice/attention. Call a poison control center or physician for treatment advice. **IF INHALED:** Remove victim to fresh air and keep at rest in a position comfortable for breathing. Immediately call a POISON CENTER/doctor.

STORAGE & DISPOSAL: Store locked up. Dispose contents/containers to trash after rinsing container.
