## Premium Combination Oven Detergent/Degreaser

Product Number 4699

### Description

A unique concentrated alkaline degreaser for use through the integral cleaning system on combination ovens. Dosed automatically during the oven's cleaning program, Combi-Clean has controlled foam levels and is effective for the removal of food deposits, grease, oils and carbonized materials. Suitable for use in both atmospheric and non-atmospheric (pressurized) ovens. Only use in combination ovens with an appropriate backflow preventer.

### Directions

Combi-Clean must only be used via the integrated dosing system on combination ovens. Concentration can be adjusted via the oven control panel according to the level of soiling. Typical dilution rate is between 1 to 2 ounces per gallon of wash solution. Care should always be taken when changing containers. Always ensure that chemical containers are stored in a safe location.
