

Twinkle

Powdered Presoak and Silver Tarnish Remover

Product Number 4271

Description

A unique powdered product designed for presoaking and de-tarnishing. Helps to soften and solubilize foods soils and allow for proper mechanical cleaning. De-tarnishes silver without hand polishing. Safe for use on flatware, silverware, and utensils. Can also be used to soak and clean filters from oven hoods.

Directions

Pull the plastic tab on top of the jar to expose screen. Turn upside down and place into dispensing bowl. Be careful not to get product on hands or into eyes. To presoak, use a shallow plastic tray. For silver tarnish removal, place a piece of aluminum foil to cover bottom surface of soaking tray. Dissolve 1-2 ounces of product per 2 gallons of warm to hot water. Make sure powder has thoroughly dissolved. Place flatware/silverware into tray and allow to soak for several minutes. Remove flatware and rinse before placing into normal dishwashing rack. Wash as usual.
